ROBERTLANGFORD

intro

Putting together the 2012 collection has been such an exciting time for me and I have to thank our clients and my team for their input.

Scattered amongst our best sellers you will notice that we have almost doubled the size of the occasional chair collection, added some really stylish bedside tables as well as eleven sofas, all of which can be personalised to suit your individual scheme.

I am really excited about the extended showroom. Our admin team have moved to the new head office and this has allowed us to add a further 1500 square foot of showroom space. Please pop in to see our improved bed and mattress studio as well as the new sofa gallery when you are next in the area.

Our website has been refreshed, the product images and information have been improved and I hope that you all visit it and use it as the valuable tool it is designed to be. I am always open to suggestions on how we can improve the site, so all comments are most welcome.

Our social media platform is growing, we are using our Facebook page, LinkedIn and Twitter feed to keep our customers up to date with the latest products, news and musings from the office. Why not follow us to take advantage of our surprise special offers and occasional product giveaways.

My promise to our clients is that Robert Langford will continue to deliver great products, unsurpassed service and most importantly, peace of mind for as long as our clients will have us. We aim to be the little black dress of the interior design industry, a stylish necessity.

Kind regards
Robert

Dining Chairs:

Our dining chairs have been designed with our clients' comfort in mind. We know that our bon-vivant clients enjoy nothing more than sitting around the dinner table enjoying the company of their friends and we take pride in ensuring that our chairs are both comfortable and durable. Being locally produced, the chairs can be personalised to suit any project. All measurements are in mm.

Occasional Chairs:

Because they are often the most difficult piece of furniture to find, we have added loads of designs this year. All of our occasional chairs are tested for the “comfort” factor by our team and will only be let onto the showroom floor if everyone agrees that they are super comfortable. Being locally produced, the chairs can be personalised to suit any project. All measurements are in mm.

Headboards:

This is how it all started for us, and with 25 standard designs and hundreds of variations, we can proudly say we are the headboards kings of the design industry. All of our headboard designs are also available as free standing upholstered beds. Please don't forget our wonderfully comfortable, locally produced range of mattresses and divan bases, they are very well priced in the marketplace and we offer a upholstery service on the bases (no more fussy valances). The range is available to view at our London showroom. All measurements are in mm.
